

22 BISHOPSGATE

Bluecrow Projects were chosen as the main contractor for the spectacular fit-out of 22 Bishopsgate, The Market, with Bluecrow Joinery being the main supplier of all joinery items throughout this 20,000sq ft restaurant area.

The complete fit-out consisted of all joinery items being bespoke, these ranged from window, column, and free-standing leaner counters to solid oak doors, banquette seating with core wall seating, solid oak ceiling slats, oak wall paneling, 4 kiosks, and much more.

Both Bluecrow Teams worked closely with Design LSM who created the complex but stunning design layout for our clients Rhubarb Food. Rhubarb is known across the World for premium food + beverage experiences, events & iconic locations. Please visit our website for many more stunning images.
