

## BLACK SHEEP COFFEE - FULHAM

Bluecrow have been the main contractor for many Black Sheep Coffee projects over the last year, and Fulham Broadway was no different.

Keeping in with Black Sheep's ethos and awesome design ideas, the Bluecrow teams went full steam ahead with the superbly located Fulham Broadway project. Slightly different from your normal shop or restaurant fit-out, with this project being in the concourse of Fulham Train Station.

Bluecrow Joinery created all the bespoke joinery throughout, including counters, point of sale area, back of house store rooms with external wall mounted seating, and antique oak cladding for the signage on front of the large leaner counter. Bluecrow Metalworks crated all galvanised box section frames, leaner counters with privacy screen, upper back bar gantry, and a huge rolled boxed steel halo. Another great project completed by the teams at Bluecrow.

When it comes to shopfitting, Bluecrow specialise in the restaurant, bar and retail sectors. We have the confidence, knowledge and expertise to deliver your vision on time and within budget.
