

# CHEZ ANTOINETTE

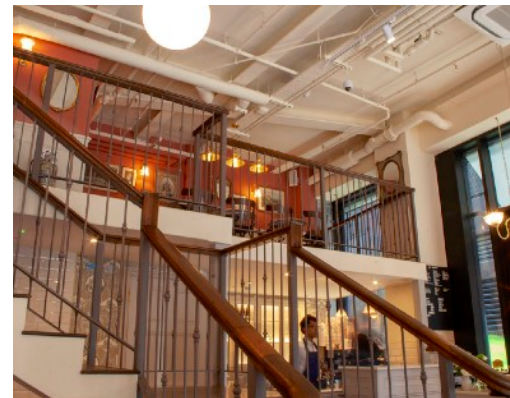

Chez Antoinette was the first retail unit to be opened on the Buckingham Green site. The empty shell was transformed with the installation of a mezzanine floor and two beautiful staircases each with their own stylish features including, oak stair treads with brass inserts and impressive balustrade.

Within the basement Bluecrow have created an excellent space for the culinary masterpieces to come to life as well as delivering a grand customer washroom area that has brass finishes, up-cycled doors and a decadent ceramic tile flooring.

Throughout the restaurant, walls were transformed with a mix of authentic French wallpaper, painted timber mouldings and not forgetting the specialist antique mirror feature wall that gives the place ever more vibrance and light.

The bespoke dark oak bar with zinc counter sits atop the handmade ceramic tiles imported from Spain which are truly are a sight to behold.

When it comes to shopfitting, Bluecrow specialise in the restaurant, bar and retail sectors. We have the confidence, knowledge and expertise to deliver your vision on time and within budget.
