

CROSTOWN BRIGHTON

Crosstown Doughnuts - Their third permanent store outside of London since Crosstown began in 2014, with Bluecrow being main contractor again working closely with Crosstown and designer Arkiset.

As with all Crosstown stores, a new herringbone floor was laid throughout the shop allowing for the fitment of bespoke joinery which has created a stunning, fresh and contemporary fit-out. The key Feature within this project was the tiled front customer facing counter, to keep in with the brands design.

Two separate serving counters house the doughnuts and Ice cream on one side, with a dedicated coffee counter on the other side. Both counters incorporate fridges, cupboards, with all joinery items being bespoke.

When it comes to shopfitting, Bluecrow specialise in the restaurant, bar and retail sectors. We have the confidence, knowledge and expertise to deliver your vision on time and within budget.
