

GIOLATO

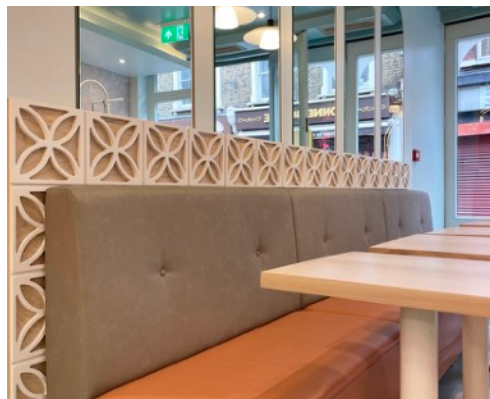

A first for Giolato UK and owner Caroline who worked with Yellow Wren Designs to create the concept that is this now a wonderful Artisan Gelateria.

Once all the services were established within, the back of house kitchen was fitted with units and post form worktops, painted and wall mounted shelving with internal LED lights.

More rear counters wrapped around the walls included white Corian solid surface tops and painted doors, while a main front counter with white washed stained ash frontage also had solid surface Corian tops.

A wonderful eye catching design within was the the 3 arches with LED track lighting above the fixed wall mounted tables, to match the LED lit arch above the gelato ice cream on show, a lovely touch.

When it comes to shopfitting, Bluecrow specialise in the restaurant, bar and retail sectors. We have the confidence, knowledge and expertise to deliver your vision on time and within budget.
