

PROJECT STUDY

Bluecrow Projects Ltd

Shopfitting, Refurbishment & Project Management

KWANT

As you enter through the Rattan and Oak cloakroom, upon the herringbone terracotta floor, you stand in awe at the and high ceilings clad with individual illuminated handmade Rattan ceiling panels, dressed in oak.

Wall panelling including bladed doors and screens with horizontal and vertical patterns, were also made from solid oak, with oak half round cladding to the bar which is surrounded by wonderful forest green Indian flooring, made from one slab of marble.

bespoke seating within caters for around 50 covers, where you can relax upon the armchairs and banquette seating upholstered in Italian fabric, while viewing the spectacular 14m wall where a hand-painted mural, inspired by Polynesian Tapa, oozes class and sophistication. Overall, a project we are incredibly proud to have been a part of.

When it comes to shopfitting, Bluecrow specialise in the restaurant, bar and retail sectors. We have the confidence, knowledge and expertise to deliver your vision on time and within budget.
