

LUCKY CAT

BY GORDON RAMSAY

Lucky Cat takes its Inspiration from the drinking dens of 1930's Tokyo with many sensational bespoke design features including the bar which is faced with intricate brass bamboo panelling.

Upon entry opposite the bar, you are greeted by a spectacular 'cat wall' which comprises of over 300 individually handmade ceramic maneki-neko cats, symbolising good fortune after which the restaurant is named.

The showpiece bar frontage is complimented throughout the design with intricate brass details and accents. "Lucky Cat has been a long-time vision for me and I can't wait to bring it to life," says Gordon Ramsay.

The chef's table, where guests will be able to choose from bespoke menus and witness the chefs at work, has a ceiling covered with over 80 handmade uchiwa paper fans from Japan, just one of many bespoke details within Lucky Cat.
