

# REKKI OFFICES

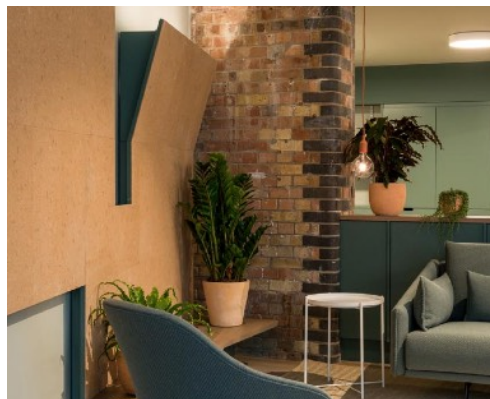

This 8 week office fit-out was Bluecrow's first collaboration with Projects Office. New acoustic walls and dropped ceilings were built along with the relocation of existing glass partitions.

The office uses a mixture of bespoke and off the shelf furniture. Bespoke office storage cupboards were recessed into the walls to maximise space along with a feature length cork wall.

New flooring was laid throughout and a new commercial grade kitchen was installed as a central unit serving hungry employees to sit down at Terrazzo tables in the attractive breakout space which features new track lighting and terracotta pendants.

Existing Washrooms and kitchenette were refurbished and stripped out to include a new shower room.

When it comes to shopfitting, Bluecrow specialise in the restaurant, bar and retail sectors. We have the confidence, knowledge and expertise to deliver your vision on time and within budget.
