

SABROSO

The third fit out for Bluecrow Projects at Westfield White City, this time in the form of a South American street food eatery nestled in the bustling food court.

Colourful tiles, floral vinyl wallpaper and neon signs aim to entice would-be customers to try some of their culinary delights. Lit by hanging cylinder pendant lights, the bespoke front counter with substantial menu board is finished with decorative breeze blocks, terrazzo top and timber with a rustic washed effect.

The finishing touches on this project were created by authentic South American concrete pots and woven baskets alongside the bold Sabroso! signage. Once again, working in Westfield as an approved contractor has been a seamless and streamlined process.

When it comes to shopfitting, Bluecrow specialise in the restaurant, bar and retail sectors. We have the confidence, knowledge and expertise to deliver your vision on time and within budget.
