

PROJECT STUDY

# Bluecrow Projects Ltd

Shopfitting, Refurbishment & Project Management

## PARLEZ

Bluecrow Projects embarked on a new exciting project in an empty shell underneath a block of flats just outside Brockley station. parlez – a new concept of bringing friends together for simple, unpretentious food with clients Matt and Louis.

The project was part of another collaboration with designers Blacksheep which featured some interesting and unique finishes including a patinated zinc bar tops, a process that involves treating zinc with a chemical to give an 'aged look', a clear lacquered concrete floor and exposed concrete walls.

Issues that had to be worked around were a 11m continuous mild steel gantry that was delivered to site in pieces to be fixed together on spigots fixed to the ceiling using threaded rods and unit-strut.

When it comes to shopfitting, Bluecrow specialise in the restaurant, bar and retail sectors. We have the confidence, knowledge and expertise to deliver your vision on time and within budget.
